

"You can teach students a lesson for a day; but if you can teach them to learn by creating curiosity, they will continue the learning-process as long as they live."

Clay P. Bedford

2010 Toyota Teacher Awards

Each day, great science teachers guide, encourage, and motivate students. Teachers impress curiosity in their students, which enables growth and learning.

The Science Fair Teacher Award Committee is recognizing twenty teachers for their dedication and commitment to students. These top teachers were selected by the number of their students who entered and placed in the Fair.

Toyota and the Fair are proud to honor these teachers:
